Careers FAQs

A guide for academic advisors

www.manchester.ac.uk/careers

Encourage your students to start thinking about their plans as soon as possible.

Key messages to drive home:

- **A degree is not enough to get a job (even from Manchester).** Remind your students that they need to develop a host of skills. They should apply for work experience, voluntary work and/or be active in their extra-curricular pursuits.
- **Start early.** Motivate your students to start thinking about their career plans from Year One onwards.
- **Use the Careers Service before applying for jobs.** The Careers Service can help students improve the quality of their applications and CVs. We can also help students prepare for interviews and selection tests.
- Encourage students to attend the school Getting into the Legal Profession (GILP) programme of case studies, talks and workshops to help enhance their employability.

What should students be doing in each year of study?

Here are some suggestions to help students learn more about career options, many of which are interchangeable between years:

Year 1

1. Starting to explore career options and reading up on legal roles e.g. types of solicitor, barristers etc. (see info under 'useful web resources').
2. Developing employability through work experience, a part-time job or getting involved with activities (volunteering, societies) outside their course.
3. Looking out for work experience opportunities or arranging their own through contacts. Note, some law firms offer opportunities for 1st years (insight days, workshops etc.) - look on *CareersLink* or check emails from the school.
4. Getting involved with student societies e.g. MULS, FLUB, Streetlaw and mooting.
5. Attending employer/careers sessions.
6. Being mindful that when applying for formal work experience e.g. vacation schemes and mini-pupillages, first year grades may be taken into account.

Year 2/Penultimate Year

For those interested in being a solicitor:

1. Autumn onwards - researching and applying for Christmas and/or Easter & Summer vacation placements
2. Attending the school GILP programme of events, Law firm presentations and the Law Fair (22 Nov).
3. Looking for relevant experience on the School of Law intranet e.g. volunteering at the Legal Advice Centre.
4. Applying for training contracts, particularly for large corporate commercial firms recruiting for 2014 - most have 31 July deadline.
5. Aug/Sept - training contracts interviews - arranging a mock interview at the careers service.
6. Looking at funding options for LPC.

Year 2/Penultimate Year

For those interested in being a barrister:

1. Researching the Inns of Court and chambers.
2. Attending the school GILP programme of events and the Law Fair (22 Nov).
3. Applying for mini-pupillages.
4. Checking www.pupillages.co.uk for pupillages with early application dates.
5. Attending pupillage fairs

Final Year

For those interested in being a solicitor:

1. Applying for (full-time) LPC course via www.lawcabs.ac.uk (applications from Oct 2011).
2. Continuing to research/apply for training contracts especially with smaller and medium-sized private practice firms.

For those interested in being a barrister:

Autumn:

1. Applying for the (BPTC) via www.barprofessionaltraining.org.uk - first round applications accepted between Nov and Jan.
2. Joining an Inn of Court (if not already done).
3. Applying to Inns for scholarship/bursary for BPTC (closing date usually late Oct/early Nov).

Spring:

1. Consulting www.pupillages.com for pupillage vacancies in March and ones outside the online system.
