## School of Education EdAP - Education for all Programmes

### Undergraduate Course Unit Information

## EdAP

### Education for all programmes

EdAP is a suite of undergraduate education course units offered by the School of Education. The course units are open to all students across the University who are eligible to take 'free choice' options as part of their degree structure. Visiting students and exchange students are also eligible to be considered for some or all of the EdAP courses.

Detailed information on the individual EdAP courses available can be obtained following the School of Education links on the Faculty of Humanities outline course database at the following address:

[www.education.manchester.ac.uk/undergraduate/courses/EdAPCourseUnits/](http://www.education.manchester.ac.uk/undergraduate/courses/EdAPCourseUnits/)

Further information can be obtained by contacting the Undergraduate Administrator:

### Teaching and Learning

The course units are taught by our team of academics, many of whom are leaders in their fields. Course units incorporate lectures, seminars and workshops involving presentations, discussions and lively debate.

### Assessment

All EdAP course units are credit rated and therefore include assessed work. Some are assessed by examination, but most assessment is made up of pieces

of coursework, which could include essays, reports or presentations, with some elements being individual while others may involve group work.

### Application Process

If you wish to take a EdAP course unit, please complete the attached application form and return it your home/registering School.

If you are a visiting/exchange student you should return your form to either the Study Abroad Unit or your Erasmus Coordinator. If your application is successful you can find details of the

timetable information for course units outside A1.22 on the noticeboards in the Ellen Wilkinson Building or via the student portal.

#### Understanding course codes:

The first digit indicates the level of study, ie EDUC10711 is taught as a level 1 course unit and the last digit indicates the semester the course unit is taught in, ie EDUC10711 is taught in semester 1.

All course units available are subject to meeting minimum recruitment.
