

# Q-Step Summer Work Placements 2015

In summer 2015 we hope to place up to 46 students in think-tanks, local government departments, market research organisations and research groups in Greater Manchester, London, Sheffield and other cities.

## The aim is to undertake quantitative real-world data analysis in a research context.

- Places will be competitive
- Placements are open to students on eligible degree courses, taking the pre-requisite course units – see Who Can Apply: [www.manchester.ac.uk/q-step/summer-placements/who-can-apply/](http://www.manchester.ac.uk/q-step/summer-placements/who-can-apply/)
- Placements are 6-8 weeks long; students will be paid monthly

## Timetable for 2015

- YouGov placements will be advertised end of February, interviews in March
- Other placements will be advertised mid-April, applications in May, interviews in May/June
- All placements will start by agreement with the organisation, no sooner than last week in June. Last year most placements took place in July and August
- Applications by letter and CV, with details placed on the How to Apply webpage at [www.manchester.ac.uk/q-step/summer-placements/how-to-apply/](http://www.manchester.ac.uk/q-step/summer-placements/how-to-apply/)
