

A Manchester Architectural
Research Centre (MARC) event
as part of the msa guest lecture series:

Shifting walls: house-projects and transfer

Wolfgang Weileder

Wolfgang Weileder's time-based building projects are implicitly directed at a public engagement with urban space and intend to promote a critical political debate. Through this activity the central place becomes a forum, which encourages a public discussion about the architecture of central spaces and the concepts of urban planning.

Wolfgang Weileder is a German artist working with large-scale sculptures in a variety of material and media. Located in the architectural and urban context, his site-specific work incorporates new uses of temporary and socially interactive art practice. He is currently Professor in Contemporary Sculpture at the School of Arts and Cultures, Newcastle University.

4pm, Thursday February 15th 2007
Cordingley Lecture Theatre
Humanities Bridgeford St. Building
